Hull Hockey

Advanced Powerskating & Technique Progression Camp
Grand Junction May 3-5

About the Camp

The Advanced Power Skating & Technique Progression Camp is designed to lead skaters through progressions of advanced edge-work and foot-work. The drills will focus on balance and coordination, body-weight shifts, and using their edges in ways they never have before! Skaters will be challenged to execute drills at a high pace, ensuring maximum repetitions per skater – ultimately increasing performance and strength. Past camp participants have commented on how they thrive on the personal challenge of each drill and end the camp looking forward to the next one.

About Coach Kyle

Kyle Hull has been, and is currently, Littleton Hockey Association's Director of U8 Development for the last 6 years. Littleton Hockey's U8 program has almost doubled in numbers in those 6 years (100 to over 180). He is also the Director of the U10 Division and Head Coach of Littleton's Squirt AA team. With Kyle at the helm, the Squirt AA team has been the top AA team in Colorado for 5 of the past 6 years.
