ATTENTION CAPTAINS!!
1992 Updated Player Replacement Rules

Regular Season Rules

1. A player can only be replaced due to injury. (Absence due to business, vacation, briss, wedding or any other valid reason is not eligible for replacement).
2. If a player is to be replaced, the injured player that is being replaced must miss at least six (6) consecutive complete games.
3. The replacement player must be ranked at least one (1) round lower than the injured player. So if a player was selected in the 7th round, his replacement must be ranked as an eighth round pick or lower. The softball committee will determine the rankings of the replacemnt players.

Exceptions

1. If a player quits the league during the regular season, he will be considered as an injured player and can be replaced. (See rule #3).
2. If a team cannot field a team of ten (10) players, they can select a player to avoid a forfeit. The player they choose must be of a 10th round ranking or lower. If a team has 10 players, they cannot choose a replacement!

Play-off Replacement Rules

Once the regular season ends, a new set of replacement rules will be enforced.

1. The only players that can be replaced are:
 - A) The Captain
 - B) 1st Round Pick or
 - C) The Pitcher.
2. Any replacement must be randked at least one (1) round lower than the missing player.
3. A player can be replaced for any reason -- **BUT** the replacement player cannot play until the team plays without their missing player for two (2) complete games.

Example: If a first round pick gets injured during the 1st inning of a game, his team cannot replace him for that game plus the next two games. (Once a game starts, that game is not counted as one of the two games that a team must wait to obtain replacement).

nt rules Cont'd)

exception to these rules are the pitchers. If a pitcher is not able to play for a season, his team can replace him without having to wait 2 games. The replacement pitcher must be ranked as a 7th round pick or lower.

2. If a team chooses to play without their pitcher for 2 complete games, they can then replace him with another pitcher who is ranked at least one round lower than their original pitcher.

Example: If a team is missing their pitcher who was a first round pick they have two options:

Option #1 -- Replace him immediately with a pitcher of a 7th round ranking

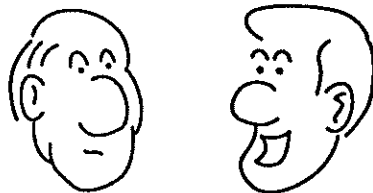

or

Option #2 -- Play 2 complete games without their 1st round pitcher (or any replacement) and then choose a 2nd round ranked pitcher.

3. Once you select a replacement pitcher he must remain on your team only as a pitcher. You can replace him with your original pitcher when he returns.
4. A replacement pitcher cannot be replaced by another replacement pitcher.

Hey, did you hear? **HENRY SHALOM** is the player of the week!

Yeah! He went 4-5 with 2 home runs and 4 RBIs! Even scored two runs. Way to go Henry!
