

## **NOTICE ABOUT LIVE TIMING AND NON SCORED EVENTS**

We want to make you aware of an important rule change from U.S. Ski & Snowboard regarding the use of Live Timing for **non-scored** events.

Last season, the Rocky Division tested running non-scored races **without** Live Timing. The goal was to encourage athletes and families to stay more engaged with the race environment rather than watching results on their phones. The trial was a success, leading to a formal rule change proposal at the spring and fall CASC meetings. The proposal passed this fall, and section **U612.4.1** has been added to the USSS rulebook.

### **What this means for Region 3:**

Live Timing will **not** be available during non-scored races. It will be turned on as soon as each race is completed. In addition, we will share unofficial results in the race-specific WhatsApp groups as quickly as possible.

Our first event under this new rule will be this weekend at The Highlands on January 3rd. We appreciate your patience as we adjust to this change and fine-tune our process throughout the season.

Thank you for your understanding and support.
