

WAUPACA YOUTH BASKETBALL

3 ON 3 LEAGUE

The **Waupaca Youth Basketball Club (WYBC)** is excited to announce its first 3 on 3 youth basketball league for the Winter of 2020. We are confident that the introduction of this new league will help to advance the growth and development of our Waupaca Youth Basketball players. Thank you to our varsity coaches, Zach Molner and Payton Mix, along with our WYBC coaches for supporting this league.

The **BENEFITS** of playing 3 on 3 basketball are:

Simplifies the game, making it easier to learn

3v3 helps to simplify the game because there are less kids being taught and less kids putting their learning into play on court. When the game gets underway finding the open player or an opening to drive to the basket is much easier with fewer bodies on the court.

It's great for overall development

In 3v3 basketball games there are no real positions so every player has to react to what's going on in the game. This helps kids develop skills like defense, offense, spacing, and how to move without the ball without relying solely on drills to teach them.

More, more, more ...

On average, players will get 40% more touches on the ball (i.e. shots, dribbling, passes, rebounds, etc.) when compared to a conventional 5v5 game. Having more time with the ball means the player will improve much faster.

3v3 Basketball is FUN!!

Fun is really what youth sports is about.
