

April 26th, 2020

Greetings Romans Hockey Club players and families,

We hope this update finds you and your families in good health and standing. We understand that families tied to the Romans program are working through the loss of loved ones, the economic challenges created as a result of this pandemic, and the day to day mental challenges of managing a home front full of children and athletes. While every family has a different journey, we know many of you lean on your hockey community and friends for support.

On April 23rd, IL Governor Pritzker extended the stay-at-home order through Saturday, May 30th. This announcement unfortunately means that we will not be able to offer our boys and girls spring hockey programming. We appreciate everyone's interest in our hockey club and your patience while we work through these ever changing logistics. Our intention is to resume programming in the summer months leading up to the 2020 - 2021 season. We will provide more details about our programming both online and eventually on the ice following our board meeting on May 15th.

For those of you that have paid for spring programming and would like a refund - please email me and we will have our treasurer team support those refunds as needed. Conversely, if you would like to leave the deposits in place, we will credit those monies for future registrations and/or for incoming 9th graders jersey purchase costs which we typically handle in late June and July.

Thank you for your continued interest in the Romans Hockey Club.

Peter de Jong
