

Katy Independent School District Sponsored Physical Examinations

Physical examinations will only be given to KISD student athletes participating in UIL activities grades 7-12. The UIL physical form will be the only physical form accepted.

Although KISD recommends the use of your family doctor for the physical examination, the following mass screenings are available as an economical convenience for its patrons. KISD sponsored physical examinations will be performed by the Medical Colleges of Texas at a nominal fee of \$25.

Appointments and prepayments required: <https://katyisd.revtrak.net/athletics-physicals/>
